

Connecting the TPM & Operational Excellence Community through CTPM's Site Membership Program

CTPM – The Centre for Australasian TPM & Lean has been assisting Australian and New Zealand sites for over 20 years to engage and develop their people as they strive for Total Productive Maintenance (TPM) and Operational Excellence using our proven Australasian approach. As such we have built up a significant knowledge base and network.

We have been providing regular E-News articles about client success stories, E-Tech articles about latest learning, and monthly 30 min webinars on topics relevant to our members for many years. To further benefit those sites progressing their TPM and Operational Excellence journeys we have created the **CTPM Site Membership** program.

The aim of the membership program is to facilitate TPM and Operational Excellence learning between sites as well as provide the latest information on Australasian TPM & Lean in convenient formats to minimise disruption to normal work commitments.

The membership program is open to any site wishing to further their learning about TPM and Operational Excellence with interaction of like-minded people for mutual benefit.

MEMBERSHIP BENEFITS

1. Over the phone or email advice on any issues impacting your TPM and Operational Excellence journey from our team of experienced coaches.
2. Over the phone or email discussion about your networking and learning needs.
3. Matching your needs to other members to arrange introductions for you so that there can be sharing of learning through networking (eg phone discussions or site visits at a time to suit you).
